

# EARTHLY NEWS!

Sustainable Development Initiatives of the Taylor Smith Group

## Local News

### In this issue:

- Local news: The Klima Neutral 2050 report from MCB Group
- The new champions of the Taylor Smith Group for 2020
- Rain water collection and negotiation with suppliers at Profilage

To address the growing urgency of climate deterioration, the MCB, in collaboration with Utopies, leading firm in sustainable development, is setting up Mauritius on the course of carbon neutrality. 'Klima Neutral 2050'; an exponent of the MCB Group's sustainable development strategy, thus aims to transform Mauritius into a potential laboratory for the new climate economy. The report can be downloaded from the website.

“Entreprises mauriciennes, vous tenez aujourd’hui, plus que jamais, les clefs de demain entre vos mains. Le chemin de la neutralité carbone est la seule voie possible pour l’avenir des générations futures de notre île, de notre planète.”

Extract from the report KLIMA NEUTRAL, 2050

### The new Sustainable Development Champions of 2020

#### Nicolas Raffray, Cameron

“Chacune de nos actions, même minimaliste et sans grand impact direct sur le problème climatique, est importante car elle insufflera un changement de mentalité qui par effet papillon pourra avoir une grande influence sur l’avenir même de notre espèce.”

#### Natalie Brasse, Oceangoers

“Oceangoers has taken the commitment to rethink its way of doing things to be more sustainable in 2020. The whole team is willing to participate in making our work environment a better one, conscious that each little step contributes to protecting our environment.”

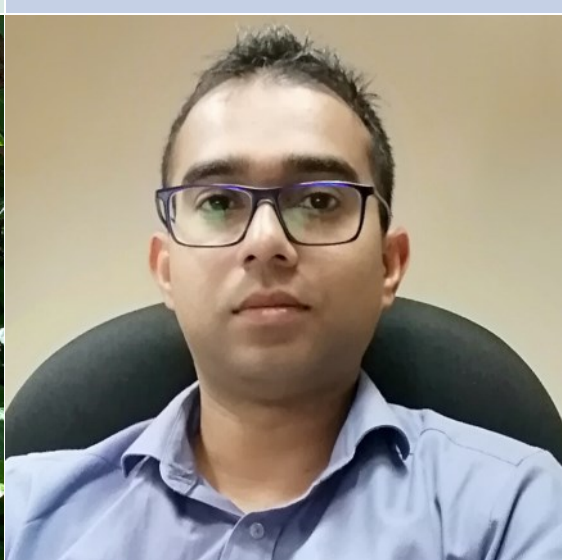

**Emilie Paul, TSB/TSE**  
“If I cannot do great things, I can do small things in a great way.”

**Doorgesh Gopaul, Aqua Science**  
“Change today for a better tomorrow .”

**Karine Gokool, Profilage**  
“Tous ensemble pour un meilleur monde, aidons-nous à protéger l’avenir de nos enfants avant qu’il soit trop tard.”

**Nikhil Gunnoo, AEL DDS**  
“My ambition for 2020 is to make a positive difference to my organization’s environmental performance.”

**Krystel Diolle, Aqualia**  
“When there is a Will there is a Way!  
L’herbe n’est pas plus verte ailleurs, Elle est plus verte là où elle est arrosée.  
Ensemble unissons nos forces pour Sauver notre Planète.”

**Profilage Ocean Indien**

All toilets are now connected to a 5000 L rain water tank since December 2019 resulting in savings of more than 600 L of potable water per day.

Negotiations are under way with the supplier of gutters asking them to stop using plastic as packaging and replacing it with an eco-friendly alternative.
